# PROMOTIONAL TOOLS

The power to engage, entertain and retain your players, at your fingertips

The **LuckyJackpot Toolbox** empowers operators to run **tailor-made live casino promotional leaderboards** between their players, encouraging them to play more and compete against their follow players for rewards.

Players earn leaderboard points by performing predetermined actions, easily configured by the operator, across many different variable, that align to the operator's specific campaign objective e.g. **reactivate, reward, retain, extend**.

## LEADERBOARD TOURNAMENTS

Pit your players against each other to top the leaderboard. Fully integrated in our Live Casino lobby

Easily configurable  
in our back-end

Leaderboard

The screenshot shows a live blackjack game in progress. A female croupier is seated at the table. The interface includes a 'LUCKY JACKPOT' overlay with a current value of €908. A leaderboard is visible on the left side of the screen, listing player names and their scores. The table itself shows cards being dealt, including a 10 and a 12, and several \$100 chips are on the table. The bottom of the screen displays the player's balance (€1,000,606) and other game controls.
